6.	One Teacher of the Institute	Not below the rank of the Assistant Professor	To be appointed by the Academic Council	Convener-cum-Member Secretary

1.0 Preamble:

The objective of the Grievances Redressal Committee is to ensure that the grievances/issues of any of the students/staffs are not left un-attended, in the consistent pursuit of academic excellence. This should ensure to have a team with enthusiastic and self motivated participants (staffs and students) by overall inclusion and active participation of every person (staffs and students). The committee will follow standard guidelines and procedures for its meetings and should adhere to the principles of natural justice in its proceedings and dispose of all the grievances, as expeditiously as possible, but not later than four weeks of its receipt. The Committee should meet at-least once

every 03 months. The quorum of the meeting shall be 1/3 of the members (i.e. 03 members, in which one of three elected student member must be present in the meeting to form the quorum). The following procedure for the purpose of submission of Grievances and their Redressal shall be followed:-

2.0 Coverage:

This procedure applies to grievances where any student/staff of Bharati Vidyapeeth's Institute of Computer Applications and Management (BVICAM), New Delhi, while acting in an official capacity and indulging in voluntary/in-voluntary actions like arbitrary actions, personal vendetta or personal grudges, etc. that directly affects the student/staff.

3.0 General Regulations:

3.1 In initial phases, students/staff are encouraged, when possible and appropriate, to attempt to resolve the difficulty through discussion with the other person or persons involved. The student/staff is also encouraged to consult/interact with their Peer Groups / CR / Faculty Mentors / Subject Teachers / Faculty Class Coordinators / members of the Grievances Redressal Committee / Director / Parents, etc. with the aim of securing clarification and advice, when in dilemma, as they may be very vital sources of advice/guidance, right in the beginning.

3.2 Matters pertaining to both potential and actual grievance cases shall be handled with sensitivity and appropriate privacy, to maintain the dignity of the individual. All individuals involved in committees reviewing the grievances are expected to maintain the privacy/confidentiality of a students'/staffs' personal/professional records, in advent of a grievance.

3.3 The remedies and sanctions available through this process are determined by the authority of the relevant level of review, specifically the Grievance Redressal Committee members, the academic department, and the Director of the Institute.

3.4 The Grievances Redressal Committee is empowered to deal with the Grievances of all the Students and Staff Members of the Institute, whether registered online or received offline. The Committee may even take the suo-motu notice and proceed further for its Redressal.

4.0 Grievance Procedure:

4.1 If a student/staff faces an issue/grievance, whether behavioural or academic in nature, he/she should at first report the same at the Online Grievance Redressal Portal available on the Institute's website. He/she can also personally consult his/her Peer Groups / CR / Faculty Mentors / Subject Teachers / Faculty Class Coordinators / members of the Grievances Redressal Committee / Director / Parents, etc. with whomsoever, he/she feel comfortable, regarding the same. The concerned person, who has been contacted by the student/staff having Grievances/Issues, may also be the potential source of nomination for Redressal of the Grievances by the Committee.

			from very first round of selection process of last visited companies. We have no idea of placement of upcoming companies.	MCA final year and T&P cell of the Institute, several mock interviews, personality development sessions, along with aptitude test series were planned to make students aware for upcoming placement process. The committee also planned to invite various alumni to share their placement related experience.	
2.	Mr. Kumar Nandan Kishor	23-08-2023	Based on recruitment company's feedback, many of us need to improve English communication skills. Most of us have sound tech skills but due to communication problem we failed to qualify the prelims rounds.		
3.	Ms. Tisha	23-08-2023	There is no platform to practice our aptitude skills to qualify the placement exams in stipulated time.		

The Member Secretary was authorized to update the decision on the portal, based upon the above decisions.

The Meeting ended with thanks to the Chair.

CO-CURRICULAR ACTIVITIES CONDUCTED BY THE INSTITUTION

a) Conference organized

Every year, the Institute organizes an international conference, titled "International Conference on Computing for Sustainable Global Development", technically sponsored by **IEEE**, popularly known as **INDIACom.** During 28th February – 1st March, 2024**,** 18th INDIACom-2024 **(**18th edition of annual series) was organized successfully.

Over 1200 papers authored by over 3300 authors, from all over of the world, were received; till the last date; thereby making the job of the Technical Programme Committee (TPC) extremely difficult. Based upon an initial scrutiny, 827 papers were found worth consideration for detailed technical review. After a series of tough review exercises, by a team of over 600 experts, 310 papers, authored by over 800 authors from different parts of the country and abroad, were recommended to be accepted for presentation in INDIACom-2024 during the three days under different parallel tracks.

The pre-conference proceedings of INDIACom-2024 (with ISSN and ISBN serials) was published on the Institute's website (https://bvicam.ac.in/indiacom/INDIACom%20Proceedings.asp).

The post-conference proceedings of INDIACom-2024 (with ISSN and ISBN serials) was published by IEEE Xplore (https://ieeexplore.ieee.org/xpl/conhome/1803740/all-proceedings) and indexed at **WoS**, **SCOPUS** and **DBLP**.

About the Seminar

The NEP-2020 is a thorough plan for enhancing education in India, emphasizing learners' all-around development and 21st century skills. The National Seminar on NEP-2020 offers an exceptional chance for education stakeholders to discuss the policy's different facets, share ideas, experiences, knowledge, and develop a roadmap for its successful implementation. It will help in understanding the key features of NEP-2020 and its implications for next generation academia, leading to education 4.0.

Objective of the Seminar

The objective of the Seminar is to discuss and deliberate on the various aspects of NEP-2020 and its implementation. The Seminar will focus on the theme NEP-2020: "Towards Holistic Education", and will explore the following sub-themes:

- NEP-2020: Origin, Implementation & Prospects
- Universal Access to Education
- Holistic and Multidisciplinary Education
- Assessment Reforms with Demand Driven Examination System
- Teachers' Training, Research and Development
- Digital and Online Education
- Challenges for Effective Implementation
- Curriculum Flexibility
- Pedagogical Innovations
- Students' Mobility through ABC and MEME
- Ensuring Equity, Quality, Affordability, Access and Accountability
- Vocational Education

Speakers

The Seminar will have distinguished speakers from the education sector, including policymakers, academicians and educationists. They will share their expertise and insights on various aspects of NEP-2020 and its implementation.

Registration

Registration for the seminar is open to all the interested individuals, including educators, researchers, students and policymakers. Interested participants can register online through the seminar website or by contacting the seminar coordinator.

Bharati Vidyapeeth's Institute of Computer Applications and Management is organizing an ATAL-Faculty Development Programme on "Machine Learning using Python Programming"

About the Institute

Bharati Vidyapeeth's Institute of Computers Applications and Management (BVICAM), New Delhi, is one of the 187 institutions under Bharati Vidyapeeth, Pune. With a clear vision and mission to serve the cause of higher education in India, the Institute started conducting a Master of Computer Applications (MCA) program with effect from the Academic year 2002-2003. The Institute is affiliated with Guru Gobind Singh Indraprastha University (GGSIPU), Sector 16C Dwarka, New Delhi-78. The Institute is also approved by the All India Council for Technical Education (AICTE), Ministry of HRD, Government. Of India, New Delhi. BVICAM, New Delhi, is the first choice of students and parents for MCA admission, in Northern India, many of the Top Rankers from the CET of GGSIP University join BVICAM.

Executive Summary (Machine Learning using Python Programming)

The development of techniques and models that allow computers to learn from data and make predictions or judgments without being explicitly programmed is known as machine learning, which is a subset of artificial intelligence. Due to its vast libraries and user-friendly syntax, Python, a versatile and widely used programming language, has gained popularity for use in machine learning projects. Machine learning in Python offers numerous benefits to people across various fields and industries such as in healthcare sectors, automation, increasing efficiency of a program, finance, natural language processing, Images, and video analysis. Machine learning using Python is an emerging area of research and study by various faculty, students, and people of industries. Machine learning's influence is only growing, making it a topic that will remain relevant for years to come.

Objective of the Atal-FDP

- To provide a detailed explanation of the specific emerging area through machine learning.
- To Explain each and every topic related to its importance, application, complexity, etc.
- To provide hands-on training in Python while implementing machine learning models.
- To share real-world applications of the topic in discussion.
- To review two articles from the machine learning field.

Outcome

- Comprehensive Faculty Training in the emerging areas of machine learning.
- Hands-on training in Python programming to develop machine learning models.
- Analysis of the reputed articles and finding the gap area.
- Forming small projects of machine learning.
- Curriculum development and updating knowledge of faculties.
