**Abstract of the
Talk**

Winning with AI & LinkedIn equips IEEE student members with practical strategies to move from a strong resume to a visible professional reputation. The session also decodes how AI tools can accelerate career discovery, positioning, and credibility building on LinkedIn.

Participants will learn 100+ actionable tips, tricks, and tools covering profiles, content, networking, and opportunity signalling. Real-world examples will show how students can stand out early—without sounding promotional or artificial.

The goal: help future engineers convert skills into visibility, visibility into trust, and trust into career momentum

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
