06:00 p.m. to 07:00 p.m. – Technical Talk

07:00 p.m. to 07:30 p.m. – Q & A Session followed by Certification

**Registration
Link and Fee**

Registration Link: <http://bvicam.ac.in/webinars/>

No registration fee. It is absolutely free for the members of IEEE, CSI, IETE, ISTE, ISCA, IITP and Bharati Vidyapeeth, with pre-registration

**Abstract of the
Talk**

The workplace is undergoing its most profound transformation — driven by AI Agents that can plan, reason and act autonomously across enterprise systems. This session explores how Agentic AI is reshaping industries, redefining job roles and creating urgent demand for new human skills. Through real-world examples across IT, HR, Finance and Customer Service, participants will understand where AI agents are already delivering measurable impact. The session addresses the critical question every professional is asking — What happens to human workers? — and provides a practical roadmap to adapt, upskill and thrive in the AI-augmented workplace.

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
