

IEEE Delhi Section with Computational Intelligence Society, Computer Society, Communication Society, Consultants Network Affinity Group, Life Members Affinity Group, Inter Society Relations, Industry Relations, TEMS, SMC, ES, CI, SIGHT Standing Committees of IEEE Delhi Section and Region-10
with following associations

CSI Delhi Chapter

IITP New Delhi

IETE New Delhi

IEEE Delhi Section

Invite you for a Free **Webinar** on **30-05-2026, the Saturday**, at **06:00 p.m.**
as per the details given here under: -

Speaker

Ms. Deepak Bammi

Senior Software Development Manager, Oracle Cloud Infrastructure

Date and Time Schedule

30-May-2026, the Saturday, from 06:00 p.m. to 07:30 p.m.

Title of the Talk

Cloud Computing Strategy with Multi Cloud

Venue and Contact Details

CISCO WebEx Meeting Platform

CISCO WebEx Event ID and Password shall be sent on E-Mail to the registered participants, at-least one day in advance. Please check your Spam and other folders also for our emails and mark it as SAFE / NOT SPAM.

Programme Schedule

05:30 p.m. to 06:00 p.m. – Login, online Networking and Tea (at Home)
06:00 p.m. to 07:00 p.m. – Technical Talk
07:00 p.m. to 07:30 p.m. – Q & A Session followed by Certification

Registration Link and Fee

Registration Link: <http://bvicam.ac.in/webinars/>

No registration fee. It is absolutely free for the members of IEEE, CSI, IETE, ISTE, ISCA, IITP and Bharati Vidyapeeth, with pre-registration

Abstract of the Talk

As a cloud engineer, you will learn to navigate the complexities of multicloud architecture by managing seamless connections between leading cloud platforms. You'll explore real-world scenarios, configure secure network links, optimize performance, and ensure reliability across diverse environments. With this understanding, you'll have the skills to tackle multicloud challenges and drive your organization's cloud strategy forward.

- Analyze the key drivers and benefits of adopting a multicloud architecture.
- Design secure and efficient multicloud solutions
- Configure advanced networking options, including VPNs, FastConnect, and interconnects, to optimize connectivity between cloud platforms.
- Evaluate multicloud use cases to identify the most effective strategies for workload distribution and performance optimization.
- Implement redundancy, high availability, and disaster recovery solutions to ensure system reliability across multiple clouds.
- Troubleshoot connectivity and configuration issues in multicloud setups to maintain smooth operations and minimize disruptions.
- Apply best practices for cost management, regulatory compliance, and data security in a multicloud environment.

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**

(Prof. M. N. Hoda)

Director, BVICAM, New Delhi

(Prof. Subrata Mukhopadhyay)

Chairperson, CNA Group, IEEE DS
